

# 4X4 Norwest Deaf Outdoors Club News

## November 2008

Norwest Deaf Outdoors Club members went to Spences Bridge, BC on October 10th to 13th during Columbia's Day (Thanksgiving weekend).

On Monday October 13th most of members went home and a few of us stayed for extra day. The weather was cold, strong wind and some of hail/rain.

Around 2:00 am John and Mabel's black cat bothered them, jump and peek the windows several times. John went to check if there was someone thief or break-in and saw the old tree on fire. Got change his clothed and ran knocking or shaking the trailers to warn us. John and Mabel Hutchinson, Dennis and Emily Cook and William and Sharon Kalk threw some water and sand from river. Chopped the barks to get to the fire inside and finally stopped it.

We want to thank Hutchinson's cat and the people that worked together to prevent a forest fire.
