

## **VOICE OVER CASTING FOR A FEMALE DEAF ROLE ON AN ANIMATED SERIES**

**ROLE:** Female (30 -40 years)  
"General Amaya"; an intense, imposing female

**ROLE Reference:**

Brienne of Tarth (Game of Thrones)  
Claire Underwood (House of Cards)

Ideally, looking to cast a female to do the speaking part & the signing part in this series.

**This property is a fantasy series, not quite Game of Thrones, but with a similar sophistication and geared for a slightly younger audience. This series is the type of show college kids would watch. Tonally, this show could be similar to a Marvel cinematic movie - vulnerable and funny, but not quite slapstick.**

**Recording:** Aiming to record 2 episodes the week of July 12th.

**Union:** Auditioning union & non-union talent.
