Lisa Anderson, WBP's Workshop Coordinator, is taking the reins as a Presenter once again, based on the fact that she had personal experience with “moving” scams. She will share her experience and what hints she caught to know it wasn't “true-business.” Lisa looks forward to collaborating with her team presenter; Scott Jeffery and videos of panelists all sharing their personal experiences with scams to provide a very informative workshop. *Knowledge is Power, Knowledge is safety... – Thomas Jefferson.* With this quote, it means if you learn some new powerful knowledge, it leads to an increased and empowered feeling of safety!
